NARRATIVE

On 10/31/2025 at 1503 hours, I was dispatched to 24745 S. Lindsay Road for a report of a missing person.

I read the details of the dispatched call, and I learned that a staff member at the Legacy Recovery Center reported Name (Missing Person) was missing from the location.

The caller described Name as a [redacted] year-old Caucasian male, 5'9" tall, with brown hair and brown eyes. The missing person was last seen at the recovery center at approximately 1315 hours, today. He was also seen wearing a white button-up shirt, blue jean pants, and his black backpack may have been taken with him.

Upon my arrival, I activated my Axon body-worn camera, and I contacted the complainants/staff members, Craig Edson and Lori McElroy.

The complainants reported that Name had a history of abuse with methamphetamines, alcohol beverage, and opiates. Name was diagnosed with schizophrenia, P.T.S.D., anxiety disorder, and he suffered from having severe mental illness. He also had a history of suicide attempts with his last documented suicide attempt occurring 6 years, ago.

The complainants reported that Name was a homeless man, who lived on the streets in downtown Phoenix. The Complainants stated that Name had never lived in the east valley of Maricopa County, prior to becoming an in-patient at the Legacy Recovery Center.

Name came to the Legacy Recovery Center on 10/08/2025 with the agreement that he would remain in
